

# Building a **Stronger** Credit Union Together

## A message from your President

Hello fellow credit union Members. It is with great excitement that I am reaching out to provide you with an update on what's happening with your credit union.

We, along with three other credit unions in PEI, have entered into an agreement to form a new credit union. This opportunity will help our credit union continue to thrive and support our community for a long time to come.

As your elected president, I always have your best interests at heart and want to ensure our credit union continues to have a strong presence in our community. The new credit union creates important benefits for members, employees and community.

For members, the new credit union will provide better and more convenient products and services. For employees, the new credit union enables access to more training and career growth. And for community, we remain a locally owned financial institution and stronger than ever in our commitment to improve the communities we serve.

It is your credit union. What you think matters. I encourage you to get involved – attend our community meeting, ask questions, and help us build a stronger credit union together.

Peter Pidgeon  
President, Board of Directors

**stronger for members**
