

A message from your President

Tignish Credit Union has a long tradition of supporting members from North Cape to Miminegash and Alberton. Serving proud fishing communities, we know it takes dedication and hard work to make our communities the best they can be for our families today, and for years to come.

It is with a commitment to serve our communities over the long-term that Tignish Credit Union has entered into an Amalgamation Agreement with three other PEI credit unions. As your elected representative on the board, I believe the opportunity to merge is the right decision for our members, our staff and our communities. Let me tell you why.

The proposed merger means you will have access to more convenient service options in-branch and at home, enhanced products, and more specialized advice when you need it.

Our staff will gain better opportunities to develop their skills and careers without having to leave our community or credit union.

The proposed new credit union will also continue to be the heart of each community. With more resources and support available, we can help our communities thrive.

This is an important decision for all of us. I encourage you to get involved, ask questions, and help us build a stronger credit union together.

I'm very excited and proud to be a part of this opportunity and hope you will be too.

Karen Gaudet-Gavin
President, Board of Directors
